Introduction

American Plastic Pipe and Supply, LLC (APPS) supplies the industrial, power, mining, landfill, and municipality industries with quality pipe, valves, fittings, specialty items, services, and other related products. Our products are made the way the industry demands—rugged, durable, efficient, reliable, precise, and cost effective. Our extensive inventory assures quick delivery for routine or emergency situations.

In addition, APPS services include:

- Pipe perforation and slotting
- Fusion machine sales and rentals
- Fusion service technicians
- Complete HDPE fabrication services
- Constructability reviews
- Material take-offs and price estimating

HDPE Flange Adapters

Specs. 3608/4710 ASTM D3035, D3350, D3261 AND F714, D2513, AWWA C906 – FM APPROVED

PE3408/4710 fittings are engineered for use on HDPE Pipe.

- Pressure ratings up to SDR7 on most sizes.
- No de-rating of fitting required
- PE3408/4710 fittings are tested to the requirements of AWWA C906
- PE3408/4710 fittings are FM Approved (4” – 24” IPS sizes only)
- Can be joined by butt fusion or electrofusion
- Can be used with all conventional fusion equipment
